

# SENATE TAKES FINAL ACTION ON SEDITION BILL

## Passed Without Record Vote—Now Goes To Conference

WASHINGTON, April 10.—The session bill prohibiting under penalties of twenty years' imprisonment and \$10,000 fine, for language or acts of disloyalty or obstruction of the army draft and liberty loans, was passed today by the senate without a record vote. It now goes to conference between the house and senate and final enactment is expected soon.

Protracted and bitter debate marked consideration of the measure the passage of which had been strongly urged by administration officials to permit the government itself to deal with disloyal agitators and check the growing dangers of mob violence. The modified to meet the objections of senators who claimed the original draft would curb legitimate free-

dom of speech the bill retains the broad inhibition of words or acts which support or favor the cause of the German empire or its allies \* \* \* or oppose the cause of the United States.

disloyal, profane, scurrilous, contemptuous or abusive language about the American form of government, navy or army men, or wilful utterances designed to curtail production of essential war materials. The senate adopted an amendment by Senator Jones of

New Mexico providing for dismissal of federal executive employees making disloyal statements. This was a substitute for one introduced by Senator Penrose of Pennsylvania, several days after attacks have been made upon George Creel, chairman of the committee on public information and other officials on account of their writings in the past.

Senator Lodge after he and other senators had denounced alleged disloyal publications in the German-American press withdrew his amendment prohibiting German language publication unless paralleled by English translations. Senator Nelson of Minnesota opposed the amendment declaring it an "insult" to loyal Americans of German blood. Senator Borah of Idaho did not press an amend-

**FOUND NOT GUILTY OF CONSPIRACY CHARGE**

## CONSPIRACY CHARGE

TOPEKA, Kan., April 10.—A verdict of not guilty was returned by the jury late this afternoon in the case of Captain Charles W. Robertson, national army, Camp

Funston, under trial in the United States district court here on a charge of conspiracy to defraud the government in connection with the purchase of exchange supplies for Camp Funston.

The jury found J. E. Ruhlman, on trial with Captain Robinson,

guilty on the third count, namely that he had impersonated a government officer in connection with the alleged conspiracy to defraud the government in the purchase of exchange supplies.

### TRIBE OF APACHES AT WORK IN NEW YORK

NEW YORK, April 10.—Information showing that a "tribe of Apaches" who fled here from Paris at the outbreak of the war are at work in this city, has been obtained as a result of the raid

made in "the tenderloin" district last Sunday, according to a statement today by James E. Smith, assistant district attorney.

According to Smith one girl witness "who claims to be a slave of one of the Apaches" told him she knows of at least 25 of "the

French tribe of slavers who are at work in this city."

When Germany celebrates a victory Austrians talk peace.

In the Ukraine Germans have commandeered 83 per cent of the wheat.

The aggressiveness of the allies may hinder Hindenburg's slaughter plans.

The prospects for wheat and other cereals has never been better in this country.

"Barrel club" are being organized for the summer as a protest against \$10 shoes. They may be popular.

The Chicago Herald says the allies have put their forces under one head in order to frustrate the German plan of putting the world under one heel.

The New York city board of health reports that sixty million pounds of bread are wasted annually in that city, due to the average man's horror of "left-overs." They are trying to stop the waste by law.

An honor flag is to be awarded each city in the country which subscribes more than its quota of liberty bonds. The country will soon be full of flags.

How can a man without knowledge of the English language make a good soldier. Official reports say there are seven hundred men of draft age in the United States who cannot speak or read the English language, the language of the country, the language in which the constitution is written, the language of the people generally, the language of commands in the army.

The home slacker is full of inventions. What could be more insidious than his declaration: (1) That the American woman is the most beautiful woman in the world. (2) That she knows many times as much as her husband about many things. (3) That she is particularly and peculiarly qualified for the selection of garden seed. (4) That what she plants invariably comes up.

(5) That so far as taking care of the garden is concerned she should not be interfered with by any other member of the family!

**NO REAL NEWS ABOUT LIBERTY LOAN.**

The third Liberty Loan drive is succeeding admirably, so the press department of the campaign committee states. City papers tell about big subscriptions made by individuals and firms and some of the country papers relate stories of smaller sales, but proportionately as liberal. However, the fact of the success of the drive thus far must be taken on faith for it is by direct order of the treasury department that the federal district liberty loan committees are unable to announce from day to day the exact sales made.

Just the reason for this order has not been made public but it is only fair to assume that the secretary of the treasury must have had some good reason for making such a drastic order. Meanwhile those who are following the campaign work cannot but wonder how it is going to be possible to keep public interest at a high pitch in the progress of the loan when no information is forthcoming as to the total of subscriptions made. The campaign is to run about four weeks and without totals it will certainly be a case of suspended interest.

BERLIN SPEES THE MEANING.

(St. Louis Globe-Democrat.)

The bitterness with which the Berlin newspapers discuss the president's Baltimore speech shows that their masters see its meaning, and that whatever actions they entertain about the president's "four principles" speech indicating a weakening of American purposes has been dispelled. They are trying to twist the speech for the delusion and for the stirring of the German people. Their appeals to the people are revelatory. They show that the Germans themselves have not the high expectations voiced by the Kaiser and Hindenburg at the spectacular beginning of the costliest assault any army ever made. The thundering in the index was to impress the allies. Paris was bombarded at long-range with a freak gun for the same purpose. But it was a false show of confidence, or it could not have been so speedily shaken by a speech at Baltimore. The junkies that were trying to terrorize the world two weeks ago are now trying the same tactics on their own people. They seek to frighten them with the "American aggression." They try to impress them that it is a war of defense. "Germany will not suffer from this (American) yoke of force," the papers cry.

The president used the language they could understand. He let the Germans know that if they must settle this war, as the Germans have decided by their actions, America accepts the challenge, and that it will throw all its men and all its resources into the struggle, in order that right may prevail, not merely on

the western front, but everywhere else. Had Germany been as confident as the Kaiser and Hindenburg have been talking, the president's declaration would have been greeted with jeers. But instead, we have a querulous note. There is a vain repining that America was dragged into this great war. Some of the papers seek to often implied criticism of German officialdom by finding a hidden "anti-German feeling" on the part of President Wilson back of the U-boat "pretext." There is even an absurd lament that the Germans did not "defeat Wilson for re-election," as if they could run American elections, and as if the defeat of Mr. Wilson would have meant American retreat and surrender. Whatever Germany may have said or may say in the future, its present comment shows it realizes what American participation in the war means to it.

**THE AMERICAN SPIRIT.**

The cable messages from France yesterday that the American soldiers were on the front line of battle were received with a spirit of pride and gratification by all Americans. This was true of relatives of soldiers just as of other loyal citizens. Americans want their soldiers to take a real part in the terrible struggle that is now surging back and forth at the battle front. They know that it is a world contest for liberty and they want America's part to be real, not merely the furnishing of munitions, foodstuffs and moral support, but a part in the hand to hand conflict, in the sacrificing of lives for the cause.

The list of casualties is growing. Hundreds of names are being coming back over the cables indicating the dead and wounded. It is related that the past week 400 wounded American soldiers arrived in New York. Three of them were in St. Louis a few days since and they were given an ovation which any "conquering hero," returned from the battle field, might well envy. These soldiers as they limped from the train were met by a self-constituted committee of thousands. At a meeting where they made informal addresses the hall was not large enough to hold the people. Men and women laughed and cried by turns. They heaped upon these soldiers praise and plaudits in a veritable frenzy of patriotic interest. The soldiers were almost swept from the platform and their injuries made the worse.

Such is the American spirit, with thousands of patriotic citizens glorying in the deeds of these three soldiers from the front. It is the real American spirit now made manifest. That spirit will be the deciding influence in this world struggle for civilization and freedom. It will be "victory thru wounds," for as the forces sent overseas grow and the list of those who have died in battle or who have returned wounded increases, so will that American spirit grow and develop.

RIPLING RHYMS

By Walt Mason

Small Traitors.

Some skates are thinking treason, and others talk the same; in due and proper season we'll spoil their foolish game. The government's listening some spies every day, who seemed to have a yearning to go the Teuton way; our Uncle Sam will boot them until his patience balks, and then perhaps he'll shoot them with rusty nails and rocks. One cheap and phoney traitor will make a lot more noise; a shooting off his craters than ninety loyal boys see when he hears one wheedin' and paving up of ground, we think there's lots of treason a-circulating round. But when you'd count your traitors they're mighty hard to meet, and they have in their gaiters the coldest kind of feet. I often hear of fellows who sympathize with Teutons, who like to work their bellows like rattorous saloots; but when I go to find them and read the riot act, to chide them and remind them of many a loyal fact, their patriotic manner disarms me right away; they love the spanned banner as much as any Jay. Dame Rumor is so busy o' drunkenly she swerves, it keeps a fellow busy to follow all her curves. She points to Dick and Harry, and says they're traitors foul; for facts we do not tarry; at once we start to howl. To blast man's reputation by charges idly made won't help preserve the nation or make the foe afraid.

**Funeral services for Miss Lida Akers** were held from the residence of Dr. L. H. Clampt 833 West North street Wednesday afternoon at 2:30 o'clock in charge of the Rev. W. R. Leslie, pastor of Centenary church. Music was furnished by Miss Cora Graham, Mrs. E. C. Carpenter, H. Rapp and John L. Johnson. They sang "One Sweetly Solemn Thought," "I Am a Pilgrim" and "Abide With Me". The flowers were cared for by Mrs. W. D. Mathers, Mrs. E. W. Akers, Mrs. W. W. Clampt and Miss Miriam Akers. Burial was in Diamond Grove cemetery the bearers being, Frank J. Garland, T. H. Rapp, James Cridland, A. T. Capps, John Reid and Harry Montgomery.

**Funeral services for the Rev. Josephus Latham** were held from Woodson Presbyterian church Wednesday afternoon at 1:30 o'clock in charge of the Rev. E. B. Landis, pastor of Westminster church. Rev. Walter E. Spoons, pastor of Northminster church, Rev. R. B. Wilson, pastor of State Street Presbyterian church, Dr. G. W. Miller of Woodson and Rev. W. H. Oldham, pastor of Woodson Christian church. All the ministers spoke in highly eulogistic terms of the deceased and the service which he gave to his work. Music was furnished by Mrs. John Henry, Mrs. Charles Irlam, Dr. R. R. Jones and William Colton. The flowers were cared for by Miss Bird Blimlin and Mrs. John Blinding. Following the services the remains were taken by the Chicago & Alton to Princeton, Ind., where the funeral will be held. The active bearers were, Jerome Culp, Alan Russel, Charles Irlam, Hugh Voorhes, Ira Barrows and Samuel Butler. The honorary bearers were: William Nicol, Thomas Irlam, John Blinding, John Hoagland, George Cunningham and Alex. Currier.

COMPILING FACTS ABOUT REGISTRATION

Morgan County Report of War Work Will be Completed Soon—A Big Task.

Women of Jacksonville and of Morgan county will be interested in the latest registration figures, made public by Mrs. W. P. Duncan, who is in charge of the registration work for the county. For days past the committee on listing and filing has been at work at the public library compiling the record. It is necessary to make at least ten entries for each woman registered and the filing of cards and the various classifications requires a large amount of work necessarily slow and painstaking.

The record however, has progressed to such an extent that it is completed for all of the seventeen county precincts except one and the work on that will be completed next Saturday, which is the final registration day. These registration cards are all done in pencil and recently Principal Clough of the Jacksonville Business college learned that the records were of this kind and offered to have them all typewritten. Yesterday he delivered to the committee typewritten copies of the cards which thus puts them into the best possible form and the committee is under great obligation for this work.

The compilation for the various Jacksonville precincts has not been completed but will now be pushed along so that by April 19, the final date, the county record will be in 100 per cent condition and ready to form a part of the files of the state department in Chicago directing this work. The registration figures for the county show that last November there were 5,532 names registered; since March 1, 2,171 have registered, making a total for the 7,703 for the county to date.

Members of the committee who have been meeting at the library each day except Sunday since April 2nd for this listing and filing work are Misses Nettie Hayden, Florence Rice, Florence Taylor, Anna Jackson, Marian Capps, Lucy Barr, Mrs. L. O. Vaughn, Mrs. George Imgrund, Mrs. Thomas Heaton.

As already indicated, the work has moved along with great rapidity when it is taken into consideration how intricate the work really is. But the general committee is certain that the information thus tabulated will be well worth the labor done.

GENERAL CLUB MET AT WINCHESTER

Two Papers Presented Gave Practical Facts—Food Demonstrations—News Notes.

Winchester, April 10.—The general club met with Mrs. James Overton Wednesday afternoon. Mrs. Overton presided over the first part of the afternoon session and in the absence of the chairman, Mrs. David Hinfesthler, Caroline McLaughlin, the vice chairman took charge of the Household Science club. Two papers were given, one by Mrs. Frank Runk on "Gelatin as a Food." Another paper was by Miss Nettie Coutas on "Poultry, Variety and Table Use." These papers were very interesting and contained much of value for those present. Mrs. Frost gave a practical demonstration of spoon breads, and Mrs. Overton demonstrated goulashes, which the company found very appetizing. The program of the afternoon included a duet by Mrs. W. H. Kinison and Miss Martha Higgins.

Mrs. J. C. Neat will leave today for Springfield to visit at the home of her sister, Mrs. L. C. Weiss and family.

Mr. and Mrs. Louis Bailey, Mrs. Fred Markillie, Mrs. Henry Canatsey, Mr. and Mrs. James Carlton, Mrs. George Carlton, Mrs. Joseph Montgomery, Mrs. Douglas Bankersley attended the funeral of Mrs. William Hanks at Roodhouse Wednesday afternoon. Mrs. Hanks was a resident of Winchester for a number of years and was well known in this community.

Mrs. E. J. Frost is confined to her home by illness.

The fire department was called out this morning to the Methodist parsonage, where sparks from the chimney had ignited the roof. Only small damage was done before the flames were extinguished.

Mrs. Earl Welch arrived Tuesday night from Chicago to visit at the home of her father, John W. Kelley, and sister, Miss Anna. Mr. and Mrs. Charles O'Donnell and Mrs. Cora Rickard were Jacksonville visitors Wednesday.

Dr. and Mrs. Fletcher spent Wednesday in Jacksonville.

## WILL DISCUSS DAIRY INTERESTS

Meeting Called for Court House Tonight by Jacksonville-White Hall Cow Testing Association.

A meeting will be held this evening at 7:30 o'clock at the office of the county agent in the court house, under auspices of the Jacksonville-White Hall Cow Testing association, and all farmers or others interested in dairy work are urged to attend. E. M. Clark, chief of dairy extension, University of Illinois, and E. R. Jackson, the new cow tester, will be present. Reports will be presented showing the excellent work accomplished by the Jacksonville White Hall Cow Testing association and organization for the coming year perfected.

As the good work of the association during past months becomes generally known more and more cow owners are manifesting interest in the movement and are glad to join the organization. It has been stated by some members that one month's testing has more than offset the total annual cost, and in a number of cases members have disposed of their herds at higher figures because association records are available showing the milk and butterfat production of the various animals. An expenditure of only \$18 annually will enable the owner of twelve cows to have an accurate record of his herd by month.

L. T. Potter, the president of the association, urges that all who cannot attend but who wish to join the organization notify him to this effect, stating the number of cows to be listed.

## WOOLERY ORDERED TO "GO AWAY FROM HERE."

Wood Woolery, alias "Texas," a colored individual who has achieved more or less notoriety in Jacksonville was arraigned in Justice Dyer's court Wednesday on the charge of disorderly conduct. The court assessed his fine at \$200 and ordered a mitimus to issue. Woolery was then given his choice of leaving town and never coming back or go to jail.

He chose the former and was given three hours in which to shake the dust of the city from his feet.

### GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair stops falling out and gets thick, wavy, strong and beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandine" hair cleanse. Just try this-moisten a cloth with a little Dandine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once Dandine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will ease you most will be after a few weeks' use when you will actually see new hair-fine and downy at first-yes-but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knowlton's Dandine from any druggist or toilet counter for a few cents.

### QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing, laxative.

No griping is the "kernel" of these little, sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"-a bad breath-a dull, tired feeling-sick headache-torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them.

cost further delay. In all, five types have, at one time or another been adopted. Two of them have been abandoned after much expenditure of time and money. The three remaining types still left are now in course of manufacture.

The largest and most powerful Handley Page bombing machine, the committee stated, is to be driven by two Liberty motors and carry six tons of bombs, machine guns and a heavy load of bombs. "The history of negotiations for the adoption and manufacture of this plane affords a remarkable illustration of procrastination and indecision too long to recite," the report said.

"Designs of this plane which had been used with marked success by the British were offered to our officials as early as May, 1917. The Signal Corps finally decided upon manufacture of a number of parts about January 1, 1918. Officials testify that they do not expect completion of the first set of parts in this country before June, 1918."

The De Havilland combat plane, Liberty Motor driven and carrying two men, four machine guns and a moderate load of bombs, is being developed, the committee said, but only 15 had been very recently completed and one shipped to France.

Another fighting machine, known as the Bristol, is lighter and faster and is expected to attain a speed of 125 miles per hour, to be used largely for reconnaissance. Another type, a defensive fighter, carries two men and four machine guns, driven by one Liberty Motor. The first machine of this kind was completed March 30, last. It caught fire and was completely destroyed in testing, but "satisfactory quantity production is expected within a reasonable period."

"In addition to the American production of engines and airplanes," the report continues, "considerable orders for combat airplanes and engines were last summer placed with European manufacturers and have furnished materials and mechanics for their construction."

Important changes made in the Liberty motor within the last two months, the report states, "will

make the motor serviceable" for combat planes of the defensive type and for bombing and observation planes. The motor, it says, bids fair to hold its own with foreign motors of similar power, weight and purpose.

Some Liberty Motors are already delivered, the committee said. "The production of Liberty Motors to date is of course gravely disappointing. The testimony shows that experts of the highest reputation and experience have since last July repeatedly warned officials that perfecting of a newly designed motor must inevitably involve many months of painstaking experiment accompanied by many setbacks and disappointments. In spite of the unanimous testimony of motor experts along this line government officials having the manufacture of the Liberty Motor in charge have made the mistake of leading the public and the Allied nations to the belief that many thousands of these motors would be completed in the spring of 1918."

Recommendations for a re-organization of the aircraft production machinery follow: "Your committee believes that production of aircraft should be controlled by one executive officer appointed by the president and responsible to him. He should be assisted by a corps of the best aircraft engineers and designers possible to obtain, both European and American."

"The matter of production should be taken out of the hands of the Signal Corps entirely and so man who has any near or remote interest in a company manufacturing airplanes or engines should be permitted to act as advisor or to obtain authority. The committee believes it to be its duty to point out that there are no broad plans looking to future development has been laid down by the authorities. Warfare in the air is still in its infancy and it is inevitable that rapid changes will take place in both engines and planes. It is essential to our success that those in charge of American aviation development shall be constantly looking ahead and devising plans for continued expansion of the program as well as development of new types of engines and planes."

The minority report, citing the assignment with France for producing battle planes continued: "As American aero squadrons reach the front ready for duty, battle planes have been supplied them under this arrangement."

In producing combat planes at home—defining the term to include both offensive and defensive machines the minority said about 25 plants are engaged either on complete machines or parts.

Referring to difficulties of airplane production the minority declared: "When war began the United States government had purchased altogether less than 200 airplanes in its entire history and probably not one was making even five or six a month. It is hardly possible to grasp the magnitude of the task the factories contracting 11,500 combat planes found before them."

New plants had to be erected, the report said, new tools fashioned for delicate and complicated machines requiring four thousand parts and twenty eight hundred drawings—almost as many as for a battleship. The state that this complicated equipment is in steady and adequate production, it added, "and that factories are now about in shape or quantity production of combat planes and have about completed the foundation for what is as difficult and responsible a task as has ever fallen to the hand and brain of man, is to state the truth and at the same time recite an achievement unparalleled in all history for so short a time."

How it was necessary to send to India for seeds producing special airplane oil, how 110,000 acres of them have been planted, how an acetone plant costing \$20,000 to produce liquid for painting airplane wings has been erected and other achievements were detailed by the minority.

To secure spruce for airplanes, it said regiments of workers were put in the forests to cut a billion feet of lumber for 100,000,000 of spruce and to secure mahogany for propellers it was necessary to go to the tropics.

"Turning to the Liberty motors the minority said it could not fairly have been called an experimental and untried device."

"It represented," the report asserted, "a combination of what had been demonstrated to the best in all motor construction. The signal corps engineers understood that a foreign motor could not be adapted to American manufacture and turned out in sufficient quantity anywhere near the time in which the Liberty motor could be produced."

"Furthermore the Liberty motor is capable of 100 more horsepower than any foreign motor except the Rolls-Royce. The Liberty has become so well established that the British government has asked for a large number. As soon as it was assigned, arrangements were made for the manufacture of a very large number before the close of 1918."

OVERSEAS CASUALTIES

WASHINGTON, April 10.—The largest casualty list for any day since the United States entered the war was announced by the war department today. There are 283 names on the list.

Five men were killed in action; three died of wounds; 11 died of disease; seven died from accidents; ten were severely wounded; 245 wounded slightly and two were missing in action.

Twelve lieutenants were among the men wounded.

Captain John P. Hurley was among the slightly wounded and four lieutenants were wounded severely and nine wounded slightly. Their names follow:

WRIT IS DISMISSED  
IN BROWNING CASE

Supreme Court Declines to Take Action While Appeal from Circuit Court Is Pending.

Another chapter was written in the Browning land case Wednesday when the supreme court dismissed the writ of error sued out February last to reverse the decree obtained by the Farmers State Bank & Trust company as executor and trustee, against Sallie Browning Orear in the Morgan county circuit court. The writ was sued out by Bellatti, Bellatti & Moriarty, on behalf of Thomas B. Orear and Julian P. Lippincott, as executor and trustee of the will of Mrs. Sallie B. Orear.

A voluminous abstract and statement were filed on behalf of the plaintiffs and an additional abstract and statement by William T. Wilson as attorney for the Farmers State Bank & Trust company as executor, and Mrs. D. R. Browning, and by Worthington, Reeve & Green, attorneys for the Foreign Missionary society of the Christian church, et al.

Two grounds for Dismissal Early in the present term of the supreme court which began April 2, Justice Dunn gave a brief review of the case and stated that the motion by the defendants to dismiss the writ of error had been made on the ground that an appeal pending from the same decree and furthermore, that plaintiffs in error do not appear to have any interest in the decree. Mr. Wilson later filed record to show that an appeal from the decree of Judge Norman L. Jones entered June 26, 1917, dismissing her bill was prayed by Mrs. Orear and was perfected by the filing of an appeal bond prior to her death.

The court indicated that certain residuary devisees, who would be interested in the decree, namely, Passavant hospital and the Old People's Home, should be parties to the suit. Subsequent to this announcement by Justice Dunn, Bellatti, Moriarty filed a motion showing that the trustees of Passavant hospital had decided to become an active plaintiff in error in the cause and asking that the hospital be permitted to become a party to the suit. It was indicated further that a motion would be made for a severance as to the trustees of the Old People's Home. However, after the Passavant hospital trustees had been made additional parties to the suit, the record showing that the appeal from the finding of Judge Jones had been perfected was filed, and on the ground that it would be impossible to prosecute the writ of error with this appeal pending, the motion to dismiss the writ of error was allowed.

Another Hearing Possible The status of this now celebrated case is that the finding of Judge Norman L. Jones given in June, 1917, in which he found in favor of the Farmers State Bank & Trust company and Mrs. Browning, stands. The plaintiffs however, will have the right to again institute proceedings in the supreme court by suing out a writ of error to reverse the decree of the circuit court.

As the record of various court proceedings in connection with this case have indicated, Mr. Browning's estate consisted largely of a valuable section of land. He died in December, 1914, and the suit was brought at the May term in 1915, seeking to declare a resulting trust on the ground that the lands to which Mr. Browning had title had been purchased with moneys belonging to him and to his sister, Mrs. Orear, jointly. The claim was made that a partnership had existed between them thru the years and that the lands were purchased with partnership funds.

Master's Report Made in 1916 The evidence was taken by John F. Clark, who was then master in chancery, and his report made in December, 1916, found in favor of Mrs. Orear. Exceptions to the master's report maintaining that the evidence and law did not justify the finding, were then heard by Judge James A. Creighton at the February term of the circuit court in 1917. While Judge Creighton after extended hearing had the case under advisement, his death occurred, and the case was subsequently tried by Judge Norman L. Jones. His decision was given in June, 1917, and was in favor of the Farmers State Bank & Trust company and Mrs. Browning, and was to the effect that a resulting trust had not been proven. An appeal to the supreme court was asked and the appeal bond was signed by Mrs. Orear a short time before her death.

By the terms of Mrs. Orear's will Julian P. Lippincott was named executor and trustee. Her husband, Thomas B. Orear, has a life estate in her property, and any finding increasing the value of her estate would therefore be to his benefit. Were any final finding made to show that a resulting trust existed, 320 acres of land would be added to the estate of Mrs. Orear and the death of her husband 160 acres would go to the trustees of Passavant hospital and 160 acres to the trustees of the Old People's Home.

As already suggested, a vast amount of evidence has been presented in the various hearings on this case and the attorneys have devoted an unusual amount of time and thought to the oral and printed arguments. The property interests involved are large, the legal phases are complex and the case is therefore one of the most interesting in the court records of the county.

SENATORS DISCUSS  
AMERICAN LABOR

Labor Attacked and Defended in Its Relation to Prosecution of War.

Washington, April 10.—American labor in its relation to the prosecution of the war was attacked and defended in the senate today in debate on a conference report on a bill making it unlawful to obstruct manufacture of war materials or to damage war factories or their products. The objection centered on a house amendment, accepted by the conferees, exempting from the measure's provisions workmen who strike for higher wages or better living conditions. The debate had not been concluded when the senate adjourned. Opening the debate, Senator Underwood of Alabama said failure of the nation to have more ships on the seas is more due to labor failing to respond to duty than anything else.

Senator Fletcher of Florida, chairman of the commerce committee which has been investigating shipping for many weeks declared that the lack of American tonnage on the seas is not due to labor difficulties. Labor is loyal and willing to work, he said, but in order to build ships, yards had to be constructed that had taken time.

Senator Nelson of Minnesota, one of the conferees said nothing had led more to labor difficulties than the fact that the administration thru various "channels has catered to labor."

Strikes, he said had much to do with delay in maintaining the shipbuilding program.

Senator Vandam of Mississippi asked that the industrial unrest had not been caused by men "higher up who have been robbing and plundering the government" and the Minnesota senator said he agreed with that in part.

Declaring that the contracts which the government makes with munitions manufacturers and the shipbuilders encourage strikes by providing for the increasing of wages, Senator Calder of New York said enactment of the bill in the form reported by the conferees would "do more injury to the spirit of the American people than anything else that could be done."

The amendment exempting strikers was denounced as criminally wrong by Senator Thomas of Colorado who said he was opposed to any legislation that would legalize the suspension of work in this country, when every effort is needed to promote the war. Passage of this bill in its present form, he said, would permit the I. W. W. to continue its propaganda and "paralyze the productivity of the nation."

"I think it is unwise to have a fight with labor now," said Senator Overman of North Carolina, one of the conferees and he added that if the government wanted to make laboring men work regardless of wages, they should be compelled.

Senator Gallinger of New Hampshire, the Republican leader declared he would oppose any report that gives encouragement to men in this hour of great strain to halt the operations of the government in making preparations for carrying on this great conflict.

Rheumatism Back on the Job  
With its Old-time Fury

No Let-Up In Its Torture

Pretty soon you will be reaching for the liniment bottle again, for the millions of little pain demons that cause rheumatism are on the warpath. Winter weather seems to awaken them to renewed fury.

But your rheumatism cannot be rubbed away, because liniments and lotions cannot reach the disease. It is in the blood, and only a remedy that goes deep down in-

to the circulation, and routs out the disease germs, can rid you of this disabling disease. S. S. S. has given some wonderful results in treating rheumatism. Being a purely vegetable blood remedy, it purifies the blood of every germ, and thus removes the cause of rheumatism. Get a bottle today at your drug store, and start on the right treatment that will get results. Free advice about your case can be had by writing to Medical Director, 26 Swift Laboratory, Atlanta, Ga.

KIDNEY TROUBLE NOT  
EASILY RECOGNIZED

Applicants for Insurance Often Rejected

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because of kidney trouble. It is so common to the American people and the large majority of those whose applications are declined do not even suspect that they have the disease.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is realized by the highest testimony for its remarkable record of success. We find that Swamp-Root is strictly a herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Jacksonville Daily Journal.

ROOT AND HERB  
MEDICINES

Indian medicine men contend that the roots and herbs of the forest furnish a panacea for every ill to which human flesh is heir. Be that as it may, it is interesting to note that the most successful remedy in the world for female ills, Lydia E. Pinkham's Vegetable Compound, was compounded more than forty years ago by Mrs. Lydia E. Pinkham of Lynn, Mass., from the roots and herbs of the field, and today it is recognized from shore to shore as the standard remedy for female ills—adv.

Stop Itching Eczema

Never mind how often you have tried and failed to stop itching. Itching eczema quickly by applying a little ointment furnished by any druggist for 25c. Healing begins the moment ointment is applied. In a short time usually every trace of eczema, whether it be itching, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one remedy to depend on for skin troubles of all kinds.

ANNUAL MEETING OF  
STATE STREET CHURCH

Reports of All Departments Show Conditions Good—Pastor's Salary Substantially Increased—Every Member Canvassed To Be Conducted Sunday.

The fiscal year of State Street Presbyterian church begins April 1st and last evening the members of the body held their annual meeting to hear reports and plan for the coming year. The pastor, Rev. R. B. Wilson, presided and the absence of J. H. Hackett, clerk, E. M. Dunlap was chosen to fill the place.

T. M. Tomlinson, clerk of the session, reported. Among other things he mentioned 37 additions to the church during the last twelve months and the general spiritual condition good.

F. E. Farrell, treasurer, report-

ed a good financial condition; all bills paid and a balance in the treasury.

For the trustees, E. M. Dunlap, chairman, reported a decision to change vested funds of the church from present investments to 4 1/2% Liberty Bonds. A quiet, uneventful year; no repairs and no special work for the body.

The deacons were represented by J. B. Seibert who reported conditions in that department favorable.

For the Sunday school William Floreth, secretary and treasurer, reported a gratifying increase over the year previous in both attendance and contributions.

The Woman's Missionary society, Mrs. William Winchester, secretary, told of faithful work in an endeavor to obey the great command.

The Ladies' Aid society, by Mrs. Thomas Heaton, secretary, told of much Red Cross work done, the usual gatherings for sewing and general work in their department. The treasurer of the same, Mrs. Edward Dunlap, reported a substantial sum collected, a balance in the treasury after paying for a Liberty Bond, a flag for Co. B, and various charitable donations.

Home department, Miss Nellie Cunningham, reported much interest manifested with a prospect of additions to the department.

For the music committee John L. Johnson reported conditions good.

Election of officers resulted as follows:

Elders: J. G. Strawn, James W. Brown, A. G. Leedy, were elected to succeed themselves; W. S. Badger resigned but no one was chosen to fill the vacancy and the matter was left to the discretion of the elders.

Trustees: L. O. Vaught, Dr. A. L. Adams and P. V. Coover, were

**OLD JACKSONVILLE**

The Rev. Andrew Jackson

By Ensley Moore

(Member Illinois State Historical Society)

The most prominent early set-

ler among the colored people of Jacksonville was the Rev. Andrew Jackson. He was sometimes referred to as Andrew W. Jackson.

Mr. Jackson was born in Augusta, Georgia, in 1815, and came to Tennessee for a while, thence coming to this neighborhood in 1824. He appears to have lived with, or been claimed by a man named Clark, who lived west of Lynnville, near Allinson's. When he became twenty one years of age, two old settlers named King and Jones came to town with him, apparently to be sure of his freedom. In view of the customs of that time, it might be that Jackson had only been a bound boy, who would be entitled to his freedom upon becoming of age.

The party met Gen. Murray McConnell, the well known lawyer, here, and he gave them such advice that Jackson's freedom was assured.

He at first became a barber, and in that work formed an acquaintance with a man named Ball, through whose influence the young man was converted, under the blessing of God, and he ultimately became a minister in the Baptist church.

**Pastor of Mt. Emory.**

Mr. Emory church, now located at the N. E. corner of S. Church and Marion streets, was organized about 1840, then having its home on the opposite side of the street, according to former authority—without it being stated which street was meant.

The charter members of the organization were Adam Young, Henry Duncan, Phillis Logan, Clarica Duncan, Julia Young Sherwood and R. J. Robertson.

Mr. Jackson became their minister or pastor, and maintained that connection with Mt. Emory for thirty two years, a service creditable to pastor and people.

The preacher lived for two years in the two story house at the southeast corner of Marion and Rockwell streets. He seemed to have some thirty ideas and capabilities advantageous to him.

Mr. Jackson married in early life, and had five children. Two died early. Smith was drowned at St. Louis, and Nancy died, in Chicago, a few years before her father. The old man married again, later in life.

**An Alderman.**

Mr. Jackson was elected an alderman from the Fourth Ward in 1873 and again in 1874.

In that Council, of 1874, the writer was a member, as was Major Wm. P. Callon. Major Callon and Mr. Jackson used to rise to "the dignity of the occasion," by standing, when they had any extended remarks to make, per-

graceful bows of tulle. At 9 o'clock a number of married people were added to the company and the hours, until midnight were spent in dancing. Randall's orchestra furnished the music.

Miss Barnes' attendants at the wedding tonight will be Misses Elizabeth Norbury, Mary Wadsworth Millicent Rowe, Ruth Jordan, Lillian Davis and Gertrude Ayers. Dr. Golden of Detroit, Mich., will be Lieut. Norbury's best man. Among the guests last night were Dr. Golden of Detroit, Dr. Herndon, Springfield; Mrs. J. L. Garm, Joplin, Mo.; L. M. Elson and daughter, Mrs. Tuckett, Freeport; Mrs. James Martin, St. Louis; Mrs. H. M. Evans, St. Louis; Mrs. L. J. Oatman, St. Louis.

**SAN JOSE M. E. CHURCH**

**DEDICATED**

Rev. W. T. Beadles, chaplain of the soldiers' home in Quincy, accompanied by his wife and Rev. G. T. Wetzel of this city, have returned from San Jose where they went to participate in the dedication of a new Methodist church. Altho the place is not large, the church is a fine structure, it is 66 by 90 feet over all, handsome in appearance, solidly constructed with footings and foundation of solid concrete, commodious auditorium, lecture room, large parlor, pastor's study, young men's club room, young ladies' parlor, and several class rooms. Under the whole are a dining room, cloak room, kitchen, large gymnasium with balcony, dressing room, shower bath and two toilets. It is heated with steam and hot water and lighted by electricity.

At the dedication services Dr. W. J. Davidson delivered the sermon and then went to raising the money needed. They wanted \$14,000 and secured nearly \$17,000. There is also a program arranged for each night in the week except Saturday and next Sunday.

The church was organized in the 50's by Rev. Mr. Armentrout of Delavan and the services were in a school house. In 1859 a church was built and Rev. J. Wolf was the pastor. Among the subsequent pastors were Rev. S. M. Martin, an intimate friend of Abraham Lincoln; W. T. Beadles, J. E. Artz, F. A. McCarty, George T. Wetzel of this city, Philip N. Minear, E. A. Manless and some others known in this vicinity. The present pastor is W. L. Tobie.

Special Sunday, 1882, a new church was built under the pastorate of Rev. W. T. Beadles, who had the pleasure of participating in the exercises last Sunday. Mr. Beadles was later a presiding elder of that district.

**MISS EAGAN HOSTESS TO CHAPIN WOMAN'S CLUB**

Meeting Was Held Tuesday Afternoon—Red Cross Tea Will Be Given By Mrs. John Onken, April 24.

Chapin, April 19.—Miss Margaret Eagan entertained the Chapin Woman's Club Tuesday afternoon. April 19. The roll call was answered by "My Favorite Shoe Tree." There were about twenty-four present. Miss Amy Onken gave a very interesting paper and told on "The Beauty Spot of America." Light refreshments were served.

The Chapin people have been collecting second hand clothing for the Belgian Relief and while soliciting for the clothing, ask at each house for a setting hen, to be called a "Red Cross Hen," and all her chickens this year 1918.

Forty one hens were donated. The ladies of the Methodist church and the ladies of the Baptist church have been sewing for the Belgian Relief and have already sent in one hundred and thirty-seven garments.

There will be a Red Cross Tea given at the home of Mr. John Onken April 24. Everybody welcome.

Miss Amy Onken will leave today for a visit with friends in Indiana. From there she will go to Louisville, Ky., to visit Mr. and Mrs. H. K. Onken.

The Chapin High school will give their play, "The Rainbow," tonight at the Amuse-U Theater.

# REALIZE IMPORTANCE OF RECREATION CENTERS

Statistics for 1917 indicate increase in number of playgrounds operated—A Renaissance of Community Spirit.

The Year Book for 1917 about to be issued by the Playground and Recreation Association of America, an organization which has been taken over bodily by the Fordick Commission on Training Camp Activities to carry on its beneficent work for our new armies under the name of War Camp Community Service, reveals the fact that the "Business of Play" for both children and adults has increased instead of

diminished on account of the war. This increase has amounted to 18 per cent in the number of playgrounds operated and to 50 per cent in the amount of money spent—\$6,500,000.00.

Many things in the statistics submitted for the year show an awakening in America to the importance of recreation centers. An increase in municipal participation, the extension of play into the winter months, an increasing demand for lighted playgrounds for evening use, the establishment of schools to train play workers, the raising of the standard of these workers by civil service examinations, the opening of more public school buildings to evening recreation, and the organization of the work in fifty two new cities.

**Many Direct Recreation**  
The Association reports that nearly nine thousand men and women were employed to direct play at recreation centers throughout the country, that three quarters of a million of boys and girls daily swarmed in the play centers, that more than six hundred play grounds were open and lighted during the evening, that the average evening attendance throughout the country was more than half a million young people, that some seven hundred school buildings were used for play after school hours, that two hundred public bathing beaches, four hundred public baths and three hundred swimming pools were in use, and that some four thousand play grounds and neighborhood recreation centers were maintained during 1917.

As to the details, 50 cities specialized in 1917 in brass bands, 60 in orchestras, 200 in community sings, 300 in story-telling, 300 in folk dancing, 100 in pageants, 150 in tramping, 120 in wading, 10 in skating, 60

in camping, 100 in amateur theatricals, 80 in moving pictures, 100 in libraries, 40 in debating clubs, 50 in self-government, 100 in lectures, 175 in gardening, 175 in industrial work, and 25 in Junior Police.

All this experience in interesting boys and girls and grown-up boys and girls in clean, healthy diversions and occupations is now turned into the channel of preserving the physical well-being and stimulating the morale of our soldiers on leave. There has been a real renaissance of the community spirit which will mean much to this country, not only for her armies during the war, but after the war when the work will be carried on and the spirit of health, happiness, kindness and service thus engendered will reverse.

# RAINEY OPPOSES HIGHER CARRIER'S PAY

Congressman From This District Opposes Bill for Salary Increases in Postal Department.

When the bill was before the house of representatives recently proposing increased pay for postal employees Congressman Rainey of this district was one of the very few who voted against the bill which proposed that carriers in the rural free delivery service shall receive 15 per cent per annum, up to and including those receiving \$200 per annum, and \$24 per mile per annum for each additional mile beyond the first 10 miles of the act clerks in the first and second class postoffices and letter carriers. The bill which would be divided into six grades as follows: First grade, salary \$1,000; Second grade, salary \$1,100; Third grade, salary \$1,200; Fourth grade, salary \$1,300; Fifth grade, salary \$1,400; Sixth grade, salary \$1,500.

Clerks and carriers shall be promoted successively to the sixth grade, grades for postal clerks run from 1 to 10 and the salaries from \$100 to \$2,000. In this address Mr. Rainey with bitter sarcasm described the proposed increase as a raid upon the treasury and a demand that the people should celebrate the fall of the Bastille, that in coming years the date on which the treasury has fallen before the attack made upon it by the forces of the Republican party, aided by some Democrats. These were the words of Mr. Rainey as reported in the Congressional Record.

"The only chance the country has with reference to this bill is that all of these additions will be put on hoping that the senate of the United States will interpose its veto. That is the only chance the treasury has here in the house two or three days ago, and carried on with such magnificent success that day. Just a few minutes ago we voted to increase the salaries of rural carriers 20 per cent. I asked the author of this amendment how much it would cost the treasury. It is not interesting to the men who stand for these propositions, it does not interest them, what kind of a demand it makes upon the treasury of the United States. But I am up the assistant postmaster general of the United States and asked him what that amendment would amount to and he said an addition of 20 per cent to the salaries of rural carriers meant the small item of \$20,000,000 a year.

"Of course, that is not much with the elections approaching. That is not much with these clerks, all of them organizing. That is not much when the millions who belong to the American Federation of labor stand back of them pledging their aid and support. This charge that you are making upon the treasury this day does not amount to much. Where is this money to come from? You are getting a part of it by the most oppressive system of taxation this country has ever known. You are getting the most of it by borrowing it, and after this war is over, if it lasts two or three years longer, we face a budget of \$5,000,000,000 every year containing a fixed annual interest charge upon the money we are borrowing to pay the extravagances of this congress of perhaps \$2,000,000,000 every year. But that does not make any difference. The movement upon the treasury has commenced, glorious movement. Keep the banners flying; keep up the movement; for God's sake do not stop it.

## CHARGES POLITICS

"This movement is led by my general colleague, the gentleman from Illinois (Mr. Madden), and one of the leaders on the Republican side, and back of him stand grandly almost the solid Republican membership of this house, and there are enough Democratic members following him to make victory sure. The results of the treasury lie open ask every government employee to come in and help himself. They are organized, all of them. They think they can defeat any one of you, and you seem to think they can. Of course your reelection is more important than the safety of the funds we are collecting by taxing the people as they have never been taxed before, and by borrowing from the people the money we do not take from them by taxation. Your constituents—those of them who are not the beneficiaries of these salary grabs—were probably under the impression when they voted for you that you would act as reliable custodians of the great fund you are collecting from them. But no such plebeian impulse controls the gentlemen who today so grandly and generously vote to give away money which does not belong to them.

"The people are now paying 3-cent letter postage without complaining, for the reason that one third of it goes into the war fund of the government, and they expect to return to 2-cent letter postage when the war is over. But you have already added \$100,000,000 increase per annum to the expenses of this department, and the bill is not yet concluded—the rate still continues. If the bill you are passing with so much enthusiasm becomes a law—and these are not wartime measures, you are making them permanent—do you realize what you have done? You have made impossible a return to 2-cent letter postage.

## HIGHER POSTAGE PERHAPS

"And that is not all. You have made absolutely necessary legislation in the very near future which will compel newspapers and magazines to pay the entire cost of carriage through the mails. And that is not all. You have made it necessary to raise letter postage to 4 cents at least. Of course, these little matters will not interfere with the progress of this salary grab, but I am calling attention to them. There must be enough of us to compel roll calls on all these propositions, and of course you all want to be able to show by your record how generous you have been with the money entrusted to your care.

"It already appears that people, on account of the 3-cent letter postage, are economizing in the matter of mailing letters—and the extra 1 cent will only bring into our war funds \$50,000,000 per year. We pay the expense of the postal service out of the sale of stamps, and if you add to the expenses of this department \$100,000,000 per year, and if an increase of 1 cent only brings in \$50,000,000, you can see that when these charges you are making today become effective even an additional 2 cents is a possibility, unless the war ends soon the 6-cent letter postage rate is in sight during the period of the war, with a possible reduction to cents when the war ends.

"In order to get at the treasury of the United States in this magnificent and apparently successful raid you have suspended the rules of the house you have overruled the decisions of the chairman, clearly based on all precedents, in order to give to thousands of clerks and carriers in first and second class post offices each an ultimate salary of \$1,500 per year, and in order to give every railway postal clerk an ultimate salary of \$2,000 a year. The farmers you are taxing to do this have an average annual income of less than \$700 per year, and the wage earners you are taxing have an average annual income of considerably less than that.

**COMPARISON CASE OF FARMERS**  
"But, of course, little considerations of this character ought not to interfere with the generous motives which inspire so many of you today. I am sorry to have interrupted the hilarity which prevails here this afternoon, but on with the raid of the treasury; let us be absolutely unconfinced. In France they celebrate the anniversary of the day when the Bastille fell—we ought to celebrate hereafter the anniversary of this day on which the magnificent advance. At some time in the future the taxpayers upon whom you are placing these burdens may now organize a committee not to call attention to such an unpleasant possibility.

"The raid you successfully pulled off two or three days ago when you added \$120 a year to the salary of over 240,000 clerical employees, will cost the country over \$20,000,000 per year.

And you are pulling off today will cost \$100,000,000 per year. The Bastille, as you see, when it passes will cost another \$50,000,000 per year. For the aggregate amount of these three items you could build every year 10 great battleships, and this would mean that in three or four years we would be invincible upon the sea. It would be able to command the peace of the world, but, of course, it is also a matter which ought not to be mentioned on the present joyful occasion. Even after your magnificent victory of today something may happen to keep this bill from becoming a law. Of course, nothing can be expected here, but some patriotic influence may yet intervene to protect the treasury against the events of this day.

## CROWDER'S BIRTHDAY

Brig. Gen. Enoch H. Crowder, U. S. A., Judge Advocate General and Provost Marshal General, the man to whom credit is due for the success of the stupendous task of raising the conscription army to carry on the war with Germany, was born in Missouri, 59 years ago today. He entered West Point in 1877 and soon after his graduation he went with his regiment to Fort Brown, Texas, and being of a studious disposition began the reading of law in the office of a Brownsville attorney. Later he completed his legal studies at the University of Michigan. The war department soon recognized the value of his legal learning and he was appointed to the judge advocate's department with the rank of major. In the war between the United States and Spain he had a high command in the volunteer army, and made a creditable record in the Philippines. During the Russo-Japanese war he was senior American observer with the Japanese army and served until the end of hostilities. During the second American occupation of Cuba, Gen. Crowder served as a special advisor to the Cuban department of justice and president of the commission of administration.

F. H. Kellar of Mattoon was a caller in the city yesterday.

Win Game By Score of 13 to 2. Hitting of H. Swain and Tomlinson and Fielding of Whistler Features.

Illinois college defeated the State School for the Deaf at baseball on Wednesday afternoon by a score of 13 to 2. Ragan and Datch pitched for Illinois completely baffled the state school boys, they only getting one safety. In addition to the pitching of Illinois starliners Whistler played a sterling fielding game at third and in fact the entire team showed excellent promise. Coach Hartman is well pleased with the showing of the baseball squad and believes he will be able to put a good team in the field for the baseball tournament to be held at Charleston. The score:

**J. A. OBERMEYER CITY DRUG STORE**

# A Mother's Endorsement "With the children Nujol has done wonders"

Mothers! Assure the lasting, robust health of your children—health founded on regular bowel habits—by relieving their constipation with Nujol, the safe, effective remedy recommended in the following letters:—

**NUJOL LABORATORIES, STANDARD OIL CO. (New Jersey), BAYONNE, N. J.**

In bottles only bearing Nujol trademark, never in bulk. Write for free booklet.

Dear Sirs:—  
I have given Nujol to my two year old daughter with very beneficial effect. She had always been constipated, and I think the regular use of Nujol was what cured her and caused her to form regular habits.

Very sincerely,  
Selina L. (Mrs. N. S.) Hopkins.

Dixondale, Va.,  
Jan. 1, 1917.

Now read this extract from a mother in Winslow, Arizona:

"With the children Nujol has done wonders. A dose or two when they begin to fret results in their being as bright and happy as possible the day following."

**EVERY** mother knows how insidiously constipation saps vitality. The moment your children's bowels fail to act their bodies become easy prey to many serious ailments. By all means keep their bowels—and your own—naturally regular by the use of Nujol—the pure, safe, drugless remedy which cannot harm the smallest child, and which thousands now use instead of harmful pills and physics. Remember that repeated dosing with strong laxative drugs dangerously weakens the natural bowel-vitality.

Nujol relieves gently and thoroughly, without stimulation, griping or injurious reaction. Nujol is palatable, healing and reliable. Be "regular as clockwork"—use Nujol.

GERMAN ATROCITIES AROUSE KENTUCKIANS

He Had Been in "Slacker" Class But When Awakened He Joined Ranks of Most Enthusiastic Liberty Loan Workers.

(By Hugh L. Wood) How the story of German atrocities against French and Belgian women in the invaded territory reached the chivalric heart and bulging pocket-book of a "doubting Thomas" Kentuckian who virtually "owned" one whole county of the state, has just been reported to Liberty Loan headquarters by James C. Wilson, vice-chairman for the state.

Wilson had resorted to every means to enlist the wealthy Kentuckian in the Third Liberty Loan drive and had failed. Finally he called him up on the telephone and commanded him "in the name of the United States government to come to a meeting in one of the large cities of Kentucky."

"What right have you to command with that authority?" the Kentuckian asked. "I'm taking the right," Wilson replied.

The Kentuckian was furious when he learned that there was no authority to compel his presence. Wilson virtually dragged him to the meeting where Major Eckenfelder of the French army, a fiery speaker, with the awful light of the things he had seen in his eyes, related his observations.

The Kentuckian slunk into a chair in the rear.

Major Eckenfelder began to relate brutalities and the unheard of atrocities which he had seen practiced, and knew of by proof, that had been perpetrated on French and Belgian girls and women.

The Kentuckian's eyes began to blaze and he straightened in his chair. When the Major, his voice thrilling with an emotion that could not be expressed in any words, told of how the German troops had driven the prettiest girls and women in batches, like cattle, from one officers' quarters to another, while the cries of the helpless women told of their dishonor, the Kentuckian's face became tense and his lanky form slowly straightened up.

With a quivering finger raised to heaven and his voice quivering and his face working with inexpressible passion, he uttered a blistering oath, which had in it nothing of the violence with which

it usually is spoken, and it brought the meeting to its feet. After it was over the Kentuckian sought Wilson and held out his hand. "Wilson," he said, "you got me here by a trick, but I thank God I came. I have never before realized what we are up against now how proud I am to be an American. Hereafter every dollar I can spare is going to do the least that I can for my country and our cause—buy Liberty Bonds. I'm going to see that my friends buy bonds, too."

"All of my friends haven't got as much money as they need, but I'm not broke yet. I'm not only going to see that they buy bonds too, but I'm going to lend them the money to buy 'em with, if they need it."

SOME ONE YOU KNOW HAS IT

A number of people in Morgan county are now having Delco-Light installed at their farms or country homes.

Users of Delco-Light are glad to show it to their friends and neighbors.

If you would like to see a farm lighted with Delco-Light we can probably tell you of some one not far from your place who is enjoying this modern convenience of country life.

Tell us where you live and we will see that you have an opportunity to see Delco-Light in operation.

ORGANISTS PUBLIC SERVICE TONIGHT

Event Promises to be One of Best in Jacksonville Musical History—Visiting Artists Will be Guests of Mr. and Mrs. Stearns.

The Public Service of the American Guild of Organists tonight is the second one held in the state outside of Chicago, the first one having been held in Urbana last November. The custom has been in the past to hold these services only in the larger cities where there is a chapter of the Guild, but a more progressive policy has been adopted of taking the services to communities where there is an interest in organ and church music and so to spread the influence of the organization over a much wider territory.

The visiting organists are Mr. J. Lawrence Erb, F. A. G. O., Director of Music and University Organist at the University of Illinois; Miss Florence Hodge, A. A. G. O., organist of the Edgewater Presbyterian church, Chicago, and Mr. Albert Cotsworth, Organist of the First Congregational church, Chicago, and well known to music lovers thruout the country as the author of the articles signed "The Elderly Person" in the "Music News."

The service will begin at a quarter past eight o'clock and is open to everyone. There will be no charge for admission and there will be no collection taken.

While in Jacksonville, Mr. Erb, Miss Hodge, and Mr. Cotsworth will be the guests of Mr. Henry V. Stearns.

A HANDSOME OFFER

Miss Mary D. Carter, an instructor at the State School for the Deaf, and whose home is in Stanford, Kentucky, has received by wire an offer of a position in the office of the war department at Washington at a generous salary with prospect of increase. As she is under contract with the institution in which she is teaching she declined the offer as she will not be free till the first of June. The offer was very flattering but she felt bound in honor to complete the school year in the institution.

MEETING OF HI Y CLUB.

The High Y club held an enthusiastic meeting at the Y. M. C. A. Wednesday evening with a large attendance. A fine supper was served by Mrs. F. B. Madden and daughters of Grace church. Following the supper T. W. Callihan talked to the boys on the ancient city of Jerusalem giving an interesting and concise description of the Holy City. Mr. Callihan reviewed the history of the city from its earliest days to the present time. The speaker told of the many times the city had been fought for and captured. At the present time it is in the possession of the English forces operating in that country against the Turks. The city has in later times been divided into four parts, Mohammedan, Christian, Jews and Turks. The population contains 10,000 Christians, 8,000 Turks, 5,000 Jews and 15,000 mixed races. The boys greatly enjoyed Mr. Callihan's talk.

Daily bulletins indicating amount of bonds purchased by the employees are to be issued.

PARTITION SUIT IN GRAFF ESTATE

Proceedings Brought to Correct Deed to Certain Lands Made By Mr. and Mrs. Fred Hagen—Error is Claimed.

A suit in partition was filed in the office of Circuit Clerk Boston Wednesday by Robert Matheny of Springfield as attorney for John W. Graff et al. It is a chancery proceeding directed against Freida W. Klotz et al., defendants. The suit involves property belonging to the estate of the late Washington Graff who died about Nov. 5, 1895, leaving his widow, Mrs. Minnie Graff, who is one of the complainants in the bill. It is shown that at the time of the death of Washington Graff he owned real estate to the extent of about 475 acres and that he and his wife during his lifetime made certain deeds of conveyance to certain persons and that in these deeds the grantee gave all right and claim to other property belonging to the estate of Washington Graff and wife.

Deeds for such lands were made to Grant Graff, Mrs. Lula Thompson, Charles W. Fisher, Mary Woodward, Mabel Curtis, Helen G. McCauley, Mary E. Crum, William Graff, Z. W. Graff, Frank Graff, Charles B. Graff et al.

It is set forth that as a result of the execution of the deeds and following the death of Washington Graff that his wife, Minnie Graff, became entitled to a dower and home stead in the lands in the estate which Washington Graff owned at the time of his death, and that John W. Graff, Parthenia Wyatt, Myrtle Timian, Katherine Klotz and Alma R. Hagen became entitled to an undivided one-fifth interest in these lands subject to Mrs. Graff's dower interest. Subsequently Alma Hagen and her husband, Fred Hagen, deeded certain lands to Adolph and Kate Klotz, and subsequently Adolph Klotz died leaving his wife and daughter, daughter Freida Klotz, as his only heir at law.

Various other transfers among member of the family are recounted and it is stated that on the termination of the dower of Mrs. Minnie Graff as widow of John W. Graff should be entitled to her undivided one-fifth interest in that portion set apart to Minnie Graff as dower and home stead, but that thru a mistake in deed the said deed called for an undivided one-fifth interest in all of the lands of which the said Washington Graff died seized, instead of an undivided one-fifth interest in what remained of the said lands after the assignment of said dower and homestead. It is shown further that the parties in interest entered into possession of the various tracts set apart to them thru verbal partition and division and that each acquiesced in the possession and ownership of the other.

It is the purpose of the proceeding to bring to pass that the deed made to Alma Hagen and Fred Hagen to Adolph Klotz and Kate Klotz Feb. 28, 1912, may be corrected so as to conform to the intention of the parties, that is to convey only the interest of the said Alma Hagen and her husband in that portion of the land which said Washington Graff died seized, and that it may not be construed to have conveyed any portion of the 156 acre which under the verbal partition was assigned to Minnie Graff.

SMALLPOX AT QUINCY.

An epidemic of smallpox is reported at Quincy, more than fifty cases of the disease having been discovered in recent days. Dr. C. St. Clair Drake, director of the state department of health, has appointed Samuel Winner of Chicago to act as district health officer and to have charge of the special work at Quincy. Strict quarantine regulations will be enforced and an effort made to prevent the spread of the disease.

In Alton an appropriation of \$10,000 has been made for general health work and the city officials are striving to stamp out the smallpox epidemic which has been prevalent there for some time. According to report received by Dr. Drake officials and employers are united in the effort to enforce vaccination. Employers have agreed not to employ persons who are unable to prove that they have been vaccinated within the past five years.
